### Find your LPC!

Each town in Southwest CT has a community-based Local Prevention Council (LPC). These coalitions aim to stimulate the development and implementation of local prevention activities for people of all ages. Given the strong relationship between substance misuse and mental health disorders, LPCs also address social-emotional health. If you are interested in joining your town's LPC, you can find their information on our website:

[CatalystCT.org/TheHub/lpc/](https://CatalystCT.org/TheHub/lpc/)

# Catalyst CT

## The Hub

**Catalyst CT | The Hub** is the state-designated Regional Behavioral Health Action Organization (RBHAO) serving Southwestern Connecticut—the 14 communities from Greenwich to Stratford. We are a division of Catalyst CT, and together we empower people and transform communities.

Our role is to serve as a strategic partner and resource for the region, supporting and coordinating initiatives related to mental health, suicide prevention, substance misuse, problem gambling, and liaising between the region and the state. We do this by:

- **We convene regional workgroups and coalitions**, including the Regional Cannabis Awareness Team, the Regional Suicide Advisory Board, and the Regional Gambling Awareness Team. If you're interested in attending any of our meetings, find more information at [CatalystCT.org/get-involved](https://CatalystCT.org/get-involved).
- **We support Local Prevention Councils** in our towns in preventing substance misuse and promoting mental health through technical assistance, coordination, and mini-grants.
- **We serve as a strategic community partner** by advising and providing data, resources, and funding to various community partners. We also represent our region on many state-level advisory boards.
- **We lead and support advocacy efforts** by informing elected officials and other leaders of the importance and impact of our initiatives and mission.
- **We conduct regional needs assessments**, and develop region-wide priorities for prevention, treatment, and recovery related to behavioral health concerns for all ages.
- **We address opioid poisonings** by providing community trainings, naloxone kits, and awareness campaigns.
- **We support organizations** in their efforts to create more inclusive communities related to behavioral health recovery.

Please visit our website, [CatalystCT.org/TheHub](https://CatalystCT.org/TheHub), for digital versions of this guide, other downloadable resources on a wide range of topics, a calendar of events and trainings, and more information.
